# Fiscal Year 2021 Financial Support

Thank you to our supporters who enable the Council to foster deeper understanding and expand dialogue on the most critical global issues. We sincerely appreciate the support we receive from individuals, corporations, and foundations throughout 2021 and the Covid pandemic.

The Council is committed to being as transparent as possible concerning the sources of its funding for operations, programming, research, and project support. This report lists sources of funding for fiscal year 2021 (January 2021-December 2021), separated by amount and designation (if any), as well as statements of the Council's financial position.

If you have any questions about the annual statement, please contact [membership@globalaffairs.org](mailto:membership@globalaffairs.org).
